Vendor Delivery Instructions	<p>All deliveries shall be done Monday thru Friday, between the hours of 8 am and 1 pm. Deliveries outside identified hours will be turned around at the expense of the party responsible for the delivery. All deliveries shall not exceed 50 items per monthly delivery due to the region's space restrictions. No additional shipments shall be accepted per month. Excess quantities (exceeding 50 count) will be declined at the expense of the party responsible for the delivery, as it is clearly identified within the acquisition.</p> <p>Prior to arrival, delivery contractors shall contact the EPA Mailroom at 404-565-8173 or Mr. Donald Fortson at 404-562-8846 to coordinate the necessary escort for the vendor with the cargo into EPA specified location. All deliveries shall be identified as "inside delivery," meaning the vendor shall be required to provide inside delivery from the loading dock to the EPA specified location within Sam Nunn Atlanta Federal Center escorted by the EPA mailroom personnel.</p>

MCP Computer Products Inc
47QTCA22A000C/ 68HERD23F0048

Delivery Address for Hardware	Region 6 U.S. Environmental Protection Agency 1201 Elm Street Dallas TX 75270
Vendor Delivery Instructions	<p>Deliveries will only be accepted Monday - Friday from 7 AM to 3 PM. Reservations should be for 3 hours maximum. From 7:00AM – 4:00PM, dock access and flow of traffic is regulated by the Security Dock Master who strictly enforces - dock parking spaces are for 30-minute deliveries only on a “first-come, first serve” basis.</p> <p>Must be notified 2 days prior to delivery so that we can notify building security and the loading dock. Trucks making delivery are inspected by security prior to entering the loading dock.</p> <p>For inside delivery a Certificate of Insurance (COI) form is required to be filled out and submitted 1 – 2 days prior to delivery; see point of contact for copy of COI form.</p> <p>Contractors/vendors who must enter EPA secured space are always required to be escorted by an EPA (badged) employee.</p> <p>Truck and Height Requirements: The accessible truck height (non-tandem) for underneath the loading dock is 11’6” due to an offset underneath the surrounding walkway at 1’10”. Smaller vehicles and courier cars are not allowed to park at the loading dock. These vehicles can use the parking garage on Pacific Street across from the building.</p>

4.1 PACKAGING AND MARKING

1. Name and address of the Contractor
2. Contract Number and Order Number
3. Description of item contained therein; and
4. Consignee's name and address.

SECTION 5 - Inspection and Acceptance

5.1 INSPECTION AND ACCEPTANCE (ORDERS)

Pursuant to the inspection clause as provided in the master contract, all items specified in Section 2.1, of this document, to be delivered under this order is subject to final inspection and acceptance by an authorized representative of the Government. The authorized representative of the Government is the Government's COR, who is responsible for inspection and acceptance of all services, materials, or supplies to be provided by the Contractor.

SECTION 6 - Deliveries or Performance

6.1 DELIVERY DATE

45 days after award.

SECTION 7 - Contract Administration Data

7.1 AUTHORITIES OF GOVERNMENT PERSONNEL

Notwithstanding the Contractor's responsibility for total management during the performance of this contract, the administration of this contract will require maximum coordination between the Government and the Contractor. The following individuals will be the Government's points of contact during the performance of this contract: All communications pertaining to contractual and/or administrative matters under this contract shall be sent to:

Contracting Officer:

Name: Rob Flowers

Phone: (919) 541-2182

E-mail: Flowers.Rob@epa.gov

Contract Specialist:

Name: Michelle Graf

Phone: (919) 541-1004

E-mail: Graf.Michelle@epa.gov

Contracting Officer Representative

Name: Gloria Meriweather

Phone: (202) 566-0652

E-mail: Meriweather.Gloria@epa.gov

Note: The Contracting Officer is the only individual authorized to modify the contract.

SECTION 8 - Additional Clauses, Terms, and Conditions

FAR 52.252-2 -- CLAUSES INCORPORATED BY REFERENCE (Feb 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): <http://www.acquisition.gov>

FAR 52.204-25 PROHIBITION ON CONTRACTING FOR CERTAIN TELECOMMUNICATIONS AND VIDEO
SURVEILLANCE SERVICES OR EQUIPMENT.

(a) Definitions. As used in this clause—

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network).

Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means—

- (1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);
- (2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

- (3) Telecommunications or video surveillance services provided by such entities or using such equipment; or
- (4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means—

- (1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;
- (2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled—
 - (i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or
 - (ii) For reasons relating to regional stability or surreptitious listening;
- (3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);
- (4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);
- (5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or
- (6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (e.g., connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

Roaming means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

- (b) Prohibition. (1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104.
- (2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

- (1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or
- (2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement.

- (1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at <https://dibnet.dod.mil>. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at <https://dibnet.dod.mil>.

(2) The Contractor shall report the following information pursuant to paragraph (d)

(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

(End of clause)
